Leansys I.T .Solutions aims to be the leading catalyst for a skilled and dynamic global workforce, making exceptional training and professional growth accessible to all.

LEANSYS

Your Trusted I.T. Solutions Partner

3 CORE PILLARS

We serve as a trusted partner in empowering individuals and organizations by providing accessible, high-quality, and flexible training solutions that close skill gaps and build a thriving, future-ready workforce.

- Standardization
- Expertise
- Certification

Data Center Training

Official partner of EPI, comprehensive programs covering data center design, operations, and management based on globally recognized standards such as TIA-942.

- Efficiency
- Resolution
- Satisfaction

Service Desk Management

Focused on effective service operations, incident handling, and customer satisfaction.

- Service
- Governance
- Continuity

IT Service Management

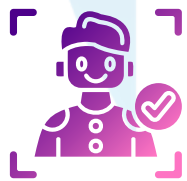

Structured approach to designing, delivering, managing, and improving the way IT services are used within an organization. Frameworks include ITIL, ISO, COBIT, and DevOps.

- Strategy
- Agility
- Leadership

Role Based Training

Highly targeted programs that align professional development directly with specific job functions and industry-standard methodologies (e.g., PMP, SCRUM, AGILE).

- Custom
- Skill
- Flexibility

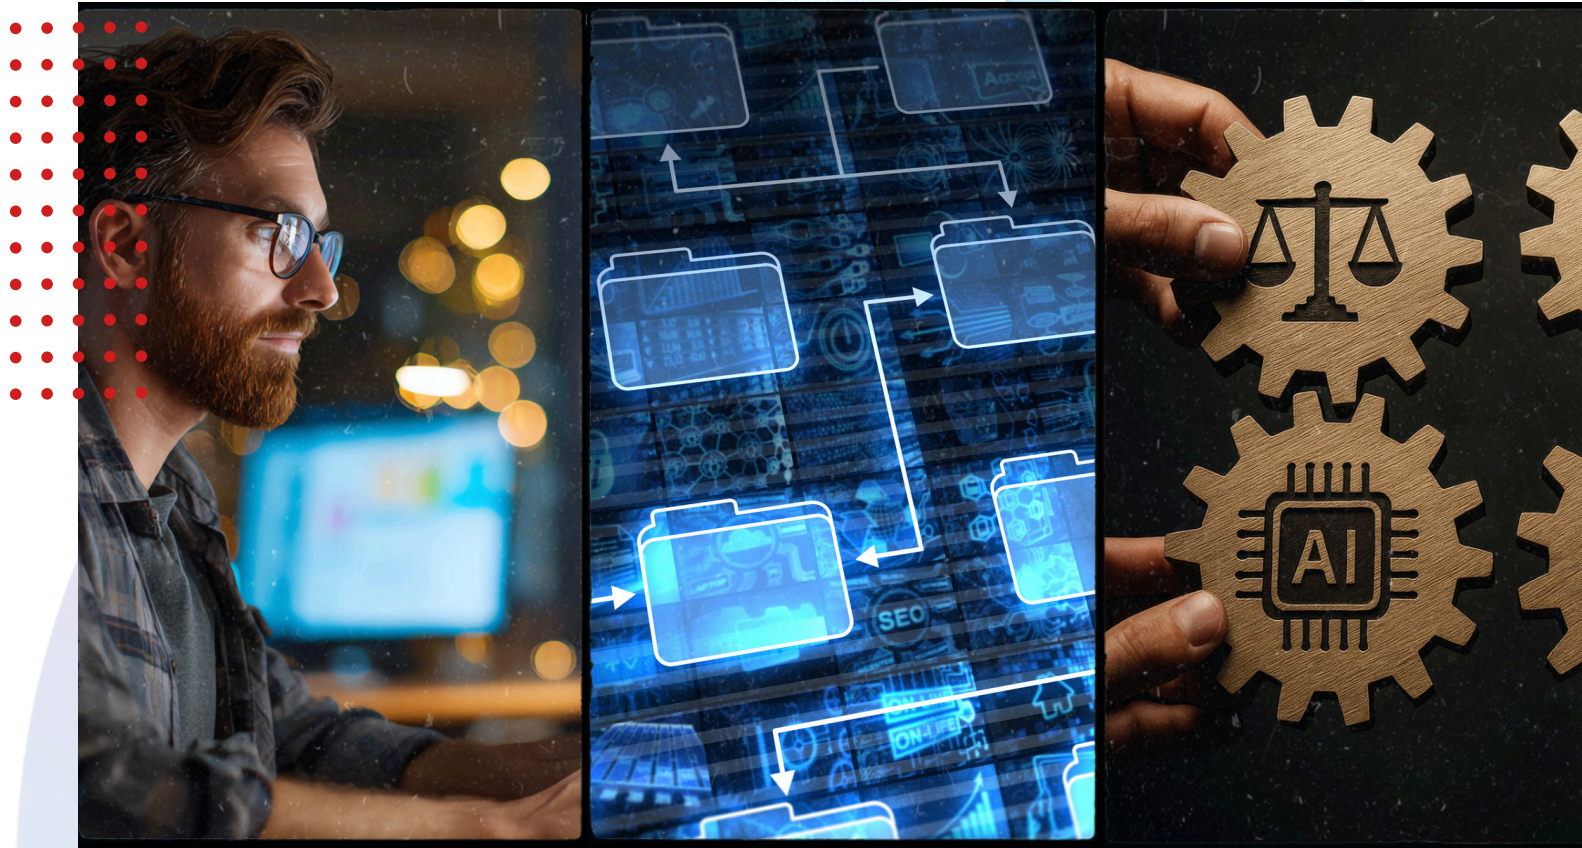

Other On-Demand Courses

Customizable learning options covering a broad spectrum of specialized subjects outside of core IT services, allowing individuals to acquire niche knowledge and professional credentials at their own pace.

System Integration

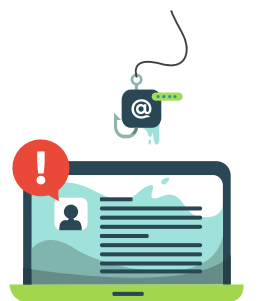

We provide a platform that allows businesses to connect with customers through various channels, including SMS, MMS, voice, email, RCS, live chat, Messenger, Viber, WhatsApp Business API, and Apple Messages for Business.

Managed Security Services

We provide cutting-edge cybersecurity services to safeguard your business against evolving cyber threats. Our comprehensive approach ensures your organization is resilient and secure, enabling you to focus on your core operations.
